

NATURE'S CURE FOR
CHRONIC ULCERS

Only by removing the cause can any chronic ulcer or Old Sore be cured. No one will question the truthfulness of this statement. The cause is always from an inward source, never an outward influence, and therefore the only possible way to get rid of these places is to take internal treatment. Pure blood is the one unfailing cure for chronic ulcers; just as long as the circulation is allowed to remain in an impure condition the place will be kept open from the constant discharge of impurities into it from the blood. But pure blood will change this condition and the flesh tissues will be nourished and made healthy, and then nature will promptly and permanently heal the ulcer. S. S. S. is recognized as the greatest of all blood purifiers and therein lies its power to cure old ulcers and sores. It goes into the circulation, and removes every trace of impurity or infectious matter, and so enriches this vital fluid that it nourishes all flesh tissues instead of irritating them with impurities. When S. S. S. has cleansed the blood and the place has healed over it is not a surface cure, but the ulcer is filled in with healthy flesh from the bottom. Free book and any medical advice will be sent to all sufferers who will write us. S. S. S. is for sale at drug stores.

FALL FIRE ADVICE.

Chief Babcock of Fire Department Gives Warning.

All Gas Stoves Must Be Connected With Chimneys.

CARE WITH BON FIRES.

Beware of Windy Days, Paved Streets and All Property.

Babcock Would Have a General Cleanup Day in Topeka.

With the heating season just arrived, E. E. Babcock, acting chief of the fire department in the absence of Chief Wilmuth, gives advice to gas users in Topeka. Chief Babcock is anxious that every precaution be taken to lower the dangers of fires.

The closeness of gas users in extending the pipes from their stoves into the attics or in between the studding of a house, the proximity of gas stoves to woodwork and the rubbish and leaves being blown about the city, are many fires in Topeka this fall. In past years fires from this source have constituted a majority of the causes for the entire fire year.

"We are called constantly to fires caused by stove pipes from gas stoves, running up into the attic of a house and terminating here," said the assistant chief. "In many cases we have found pipes running up through the walls of a frame house and ending some place between the studding. These pipes become overheated and a dangerous fire breaks out and burns up through the house before we are able to extinguish it and sometimes before it is discovered.

"This is not only dangerous, but it is against the city ordinances. A mistaken idea has been given out that a gas stovepipe is not hot enough to cause fire. In every case a pipe of this kind must be connected with a chimney. When the pipe goes through a partition it must be double flued. We have found places where the pipe rested on the woodwork and in the plastering.

"Gas stoves should be at least one foot from any woodwork. Just the other night we were called to a house where the bathroom was in flames. Lighting her gas stove, the woman of the house had prepared herself for the bath in another room. When she opened her bathroom door she found the woodwork in the room burning fiercely. Gas stoves should be protected as we protect coal stoves. There is no provision in the city ordinances and fire laws that allow anyone to discriminate.

"I would suggest, as Chief Wilmuth has done many times, that a general rubbish day be established in Topeka. We have days to plant trees and all that sort of thing—why don't the people clean up their alleys and their yards of dirt and rubbish. It would prevent many fires.

"Leaves should not be burned on any asphalt streets. Furthermore, they should not be burned within twenty-five feet of any building. All bonfires should be built in the day time and should be watched at all times with a bucket of water at hand. Don't start bonfires on windy days."

IN ACCORD ON MOROCCO

Terms of Franco-German Agreement Are Given Out Officially.

Paris, Nov. 3.—The contents of the Franco-German accord officially given out today show that Germany recognizes the right of France to establish a protectorate in Morocco while both nations engage to obtain the admission to this accord of the other signatories to the Algeiras agreement.

SEEKS DEAD MAN'S WEALTH.

Third Wife Says He Lied About His Residence.

Bangor, Me., Nov. 3.—A contest in the California courts will be begun next month against the will of Frank H. Holyoke, wealthy Bangor lumberman, who died in Pasadena, Cal., on October 3, cutting off his widow with a bequest of \$1,000. She claims that the will is invalid because it gives Holyoke's domicile as Pasadena, Cal., where he declared in a divorce suit a few months ago that his home was Bangor. His estate is valued at \$1,000,000.

Several months before his death he separated from his third wife, who is the widow now contesting the will.

THUGS ATTACK DR. HOYE.

Physician Will Be Blind If He Does Not Die.

New York, Nov. 3.—Dr. J. C. Hoyer, a prominent physician of Newcastle, Pa., who has been doing post-graduate hospital work here, was found early today lying on East Eighteenth street, a few doors away from the post-graduate hospital. He had just left the hospital.

The doctor had apparently been attacked by thugs and badly beaten with a blunt weapon of some kind. His skull was fractured by one blow while another had burst his right eyeball. He will be blind if he recovers, which is doubtful.

POPE HONORS AMERICAN.

Penfield Gets First Highest St. Gregory Degree.

New York, Nov. 3.—Word has reached this city from Rome that the pope conferred upon Frederic Courtland Penfield of this city, the Grand Cross of the Order of St. Gregory in recognition of his benefactions to Catholic educational institutions. He is the first American to receive the highest honor of the St. Gregory Order, of which there are four degrees.

Mr. Penfield is well known authority on diplomacy, modern Egypt and international politics. He spent four years in Egypt as minister resident of the United States and has held other diplomatic positions.

Here Is Harvard's Lineup.

Cambridge, Mass., Nov. 3.—Harvard's lineup in the game against Princeton tomorrow will be as follows: Smith, left end; Hitchcock, left tackle; Leslie, left guard; Storer, center; Fisher, right guard; Gardiner, right tackle; O'Brien, right end; Potter, quarterback; Campbell, left halfback; Wendell, right halfback; Huntington, fullback.

Misses' Sweater Coats at \$1.50, \$1.98, \$2.50 and \$3.50.

New Motor Sets—New Skating Sets.

See Brooks' comet, according to the Harvard university astronomers.

For the past fortnight it has been a conspicuous figure in the eastern sky, but its brilliancy is rapidly diminishing, and moonlight will interfere with its clearness after November 10.

At present, it is best seen with a field glass or small telescope, although visible to the naked eye. In order to locate it, it is necessary to face the east about 6 a. m. It will be seen as a hazy star with a long, faint tail, extending upward.

KANSAS BONDED DEBT.

Amounts to Something Over Fifty-Four Millions.

The bonded debt of all the counties, cities, and school districts and townships of the state totals \$44,212,816. Of this amount the city and township debt reaches 23 millions. Shawnee has \$2,654,650; Wyandotte, \$8,996,038; Sedgewick, \$2,320,599; Reno, \$1,083,238; Atchison, \$1,185,250; Montgomery, \$2,312,094.

The following 23 counties have no bonded debt: Barton, Brown, Butler, Cherokee, Cheyenne, Crawford, Elk, Ellsworth, Gove, Harvey, Jefferson, Jewell, Labette, Linn, Marshall, McPherson, Miami, Mitchell, Nemaha, Neosho, Osage, Ottawa, Pottawatomie, Republic, Russell, Sheridan, Smith, Trego, Wallace, Washington, Wilson, Woodson.

ENGLISH ATHLETES MAY COME.

Cambridge and Oxford Plan American Trip and Contest.

New York, Nov. 3.—It is announced here that Oxford and Cambridge universities are planning to send a team to America next season for an international match with Yale and Harvard. Letters from President Baker of the Cambridge University Athletic club indicate that the teams plan to want to come early in June, so that they can be home in time for the Olympic games at Stockholm. Very likely the first week in June will suit the Yale-Harvard men, as it will be just after the inter-collegiate championships, when the athletes will be keyed up to their best form.

It is not known where the match will be held, but the chances are it will be on neutral ground somewhere around New York.

BILLY PAPKE QUITS RING.

Bob Moha Must Have Hit Lightweight Pretty Hard.

Chicago, Nov. 3.—Billy Papke, former middleweight champion, who last Tuesday was defeated by Bob Moha in Boston, says he has retired from the ring.

"Training is hard work for me now, and it is hard to play," said Papke. "I haven't the ambition that I used to have and so I'm through with the game. I am comfortably fixed and never will need to worry about money, so I'm going to forget about fighting."

Killed Escaping From Fire.

New York, Nov. 3.—Two members of the Shapiro family, father and mother were killed and three of their four children were badly injured today when they jumped from windows on the second floor to escape the flames that destroyed a Brooklyn tenement house.

Noteworthy Values in Furs

Furs that represent the latest style in cut and finish. Beautiful specimens of the furrier's art. The most desirable things in Mink, Japanese Mink, Brook Mink, Foxes, brown, black, gray, etc.

The Novelty this season is

Natural Colored Furs

An early selection is desirable as you get nicer quality at the price.

A small deposit will hold them until you are ready for them.

HERRMANN HAS PLAN.

Let Every Team in Both Leagues in on Contest.

Chicago, Nov. 3.—A plan which will make a radical change in the present system of deciding the world's baseball championship is laid here, will be laid before the national commission which meets in Cincinnati, Nov. 14th.

The session of the commission has been called for the purpose of investigating ticket scalping in connection with the recent contest between the Giants and Athletics and suggesting remedies for the evils which have attended every contest for the diamond supremacy.

August Herrmann, chairman of the commission, it was said, has a plan to do away with the present world's championship struggle of seven games and substitute a schedule of sixty contests with the sixteen teams of the two major leagues as the contestants and cut the regular schedules of the two leagues down to 112 games. In major organization, each team would be called upon to play 172 games, eighteen more than the present season schedules call for.

Drop Open Dates.

By eliminating the many open dates the increased number of contests could be decided by the middle of October.

Herrmann believes it will do away with practically all of the scalping, inasmuch as the games will be regarded in much the same light as those of the present league schedules. The 60-game inter-league series would give Detroit, Washington and Cleveland an opportunity to seeing all the teams of the National league, which they do not have a chance of viewing now. Pittsburgh, Cincinnati and Brooklyn, likewise would be afforded an opportunity of watching their teams play all the American league clubs.

Every Club to Play.

Each club would have to meet all the rivals in the opposing organization, and the world's championship would be determined on a percentage basis. The team finishing with the best record at the end of the sixty contests would be given the big prize. In addition, all the major league players would be given a part of the receipts accruing from the post-season games.

PLAN TO REVIVE CYCLING.

American Team May Be Sent to Olympic Games.

Newark, N. J., Nov. 3.—The United Cyclists, a newly formed body for popularization of wheeling, is planning to send an American team of cyclists to the Olympic games at Stockholm. The big Olympic wheeling item will be road race for about 200 miles around Lake Maler. The race will be partly team and partly individual and the number of contestants allowed each nation will be twelve.

The best four from each aggregation will be considered a team.

SEE BROOKS' COMET NOW.

If You Don't Get Up at 5 A. M. You Miss It.

Cambridge, Mass., Nov. 3.—The present week will offer the best opportunity to
